TECHNICAL DATA

#45: PVC 120 BLACK CRESCENT TOP CONVEYOR BELT

Aggressive scoop pattern for high incline conveying. Crescent pattern creates hundreds of tiny "buckets" capable of conveying liquids along with solids. Conversely, the belt can be run in the opposite direction, and the upside-down crescents convey solids while draining off liquids. Belt operates smoothly and quietly on return. Good tubeveyor belt.

PLIES: 1 | TOP COVER: BLACK CRESCENT PVC | BOTTOM COVER: BLACK INTERWOVEN FABRIC
